

# ŠNĪPIŠKĒS

urban  
games  
& research

Urban games for historical sites:  
Urbingo for the historical neighbourhood

Games as alternative system of **navigation** in public space

Games as a shift in **collective behaviour** and personal attitude. **INTERACTIONS!**

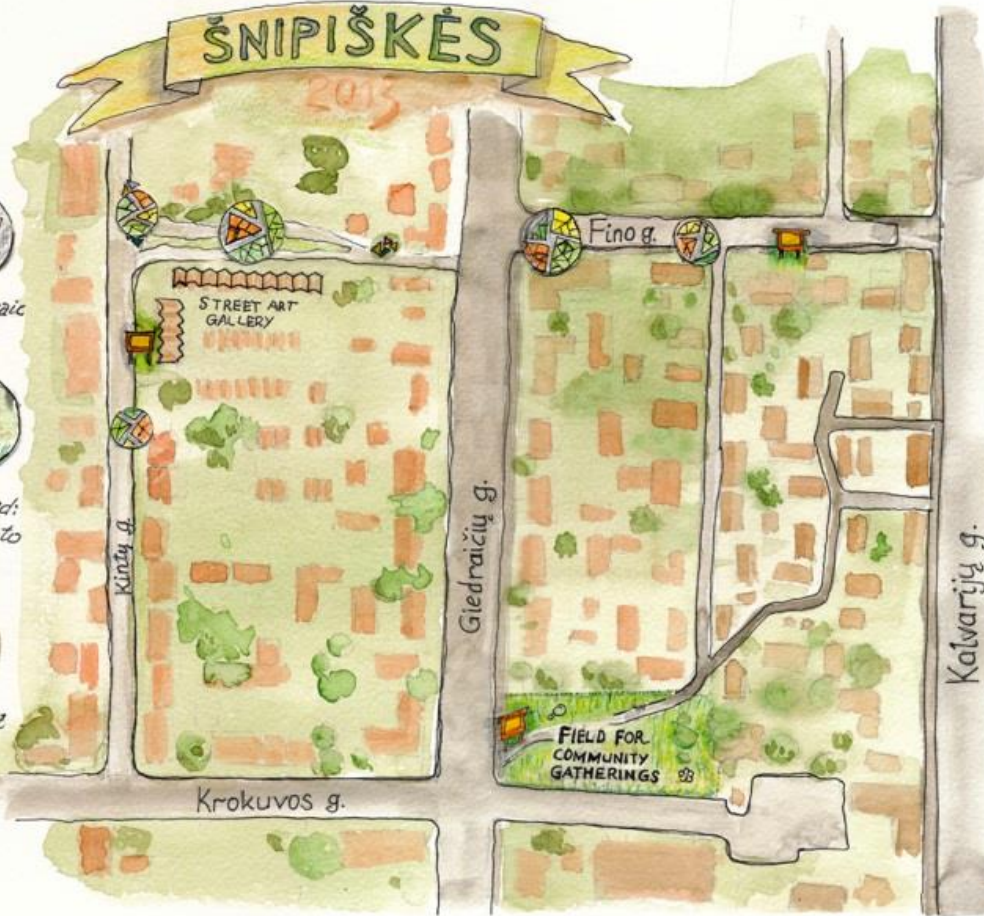

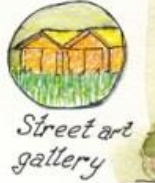

Games as a system of **social relations** – new roles, shared interest, new interconnections.

## ŠNIPIŠKĖS

2013

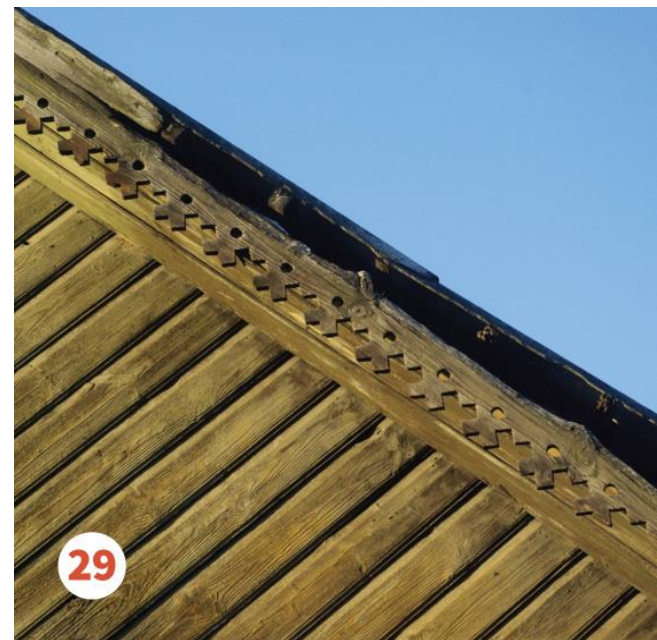

A way to reconfigure the space bringing new spatial links, routes:

- by bringing new objects
- by introducing new activities
