PROPERTY GUARDIAN MODEL

Free Riga: platform for the new city culture

1. Space for experimental ideas for low costs + time contribution
2. Sharing based culture
3. Reanimating the empty spaces of the city

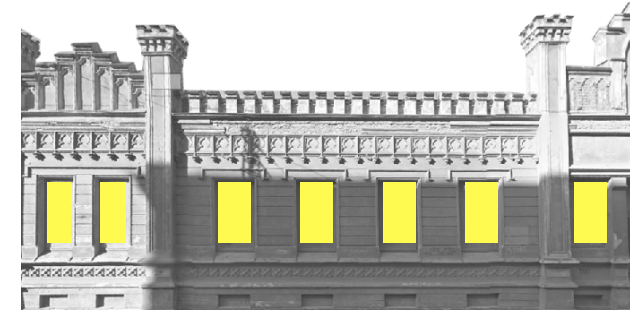

Free Riga is an NGO with PUBLIC BENEFIT STATUS. It operates as a social enterprise

NGO was founded in 2014 after surprisingly successful “OCCUPY ME” sticker campaign as part of art festival that caused landslide of interest about resource of the vacant spaces

Currently there are 22 BUILDINGS under guardianship of Free Riga, while 2 projects have been finished

Currently NGOs resource is 6150 m3 of premises and around 11'000 of land

Storylines of FR development

- **From**
- ...invisible to visible
- ...please give us space to focus on service
- ...rent to social projects
- ...individual to sharing
- ...hobby to professional cooperative
- ...few projects to tens
